Fashionista and Art Diva Wendy Arnold returns to Perth for her latest exhibition to be opened at Gadfly Gallery on Friday 3rd September.

'Just Teasing' is a playful collection of exotic, erotic bodies, tantalisingly clothed in willow pattern tattoos, Asian calligraphy, darting dragonflies and many-petalled blossoms.

Known for her provocative rendering of the female form, Wendy now turns her attention to beautiful male bodies too, and you'll be enthralled with the results.

With 'Just Teasing', arthouse movie director Peter Greenaway meets Japanese Shunga with this stunning exhibition of evocative forms - a modern Pillow Book for lovers, and lovers of art.

Join us for an opening night of surprises...up until then we're only offering you a peek of what's to come...just teasing!
